July 20, 2014 Bought  
this washer in 2008 and  
it has been amazing and  
the water bill dropped as  
well as how quiet it is  
and the spin cycle gets  
most of the water out so  
you barely will have any  
drying time. I highly  
recommend this washer!

The 300 doesn't have the frills of more expensive machines, but has all the features you need to get your clothes clean. "Kids Clean" cycle uses 150 degree water for tough jobs and sanitation. The 300 series doesn't have 170 degree option if you really like your clothes cooked.
