This volume represents a search for the socioeconomic and legal origins of the employment relationship as it currently exists in the United States. Although the study was sparked by legal disputes in which farmers and other employers denied the existence of an employment relationship with migrant farmworkers, the scope of the controversy and the unresolved legal issues are not confined simply to unskilled and low-wage agricultural workers. Linder analyzes the evolution of an important legal doctrine through an examination of its origins and development in statute and case law in the political economies of both Britain and the United States.

seeking for in all these endeavors? What does life, and growth, and development, and evolution mean? These are questions that thinking people are constantly asking, and which but few are able to answer even partially. The Yogi Philosophy teaches that the end of all human endeavor and life is to allow the soul to unfold until it reach with Spirit. And as Spirit is the divine part of man- the bit of God-material in him - this union eventually will result in what is known as Union with God - that is the bringing of the individual soul into conscious touch and union with the centre of all life."
