A love festival, an ancient legend, an online Marry Mason contest, and a surprise marriage of convenience... "What could possibly go wrong?" Plain Janie Adams may be a rule follower, but she's no fool. When her sleazy boss dangles a promotion in front of her - a dream job producing TV news - she takes off for tiny Rose Quartz, New Mexico, to produce a feature on the town's annual Valentine's Day festival. Rose Quartz

But what starts out as a simple assignment gets outrageously out of hand when sexy Mason Hart enters the picture. Owner of the last mine in town still producing the Love Stone, Mason is annoyingly brash, hotter than hell, and - thanks to a ludicrously antiquated family tradition - in a serious bind: If he doesn't marry by his thirtieth birthday, just two weeks away, he'll lose all claim to the family mines and ranch forever. As an old legend resurfaces and Rose Quartz begins to work its magic, life as Janie knows it starts doing cartwheels. Voluntarily abandoning her hometown and what she thought was her perfect job, Janie shocks everyone

Winner of the Alex Award “ Mike Muñoz Is a Holden Caulfield for a New Millennium--a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America. ” --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work--and just fired from his latest gig as a lawn boy on a landscaping crew--he ' s smart enough to know that he ' s got to be the one to shake things up if he ' s ever going to change his life. But how? He ' s not qualified for much of

In this funny, biting, touching, and ultimately inspiring novel, bestselling author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity--who just so happens to find himself along the way.

This is one of the first and most famous books published after the sinking of the Titanic, and contains much material from contemporary newspaper accounts. It was written by Logan Howard-Smith (under the pen name of Logan Marshall), an

Where To Download Her Fated Cowboy Harland

editor who specialized in the rapid publication of books about current events. For this book, his crowning achievement, the initial print run was for no fewer than 110,000 copies. The publisher achieved this by running 11 presses simultaneously, and the books were then sold door-to-door across America for a dollar apiece. Although Marshall's own description of the sinking is melodramatic and sensationalistic, the many verbatim interviews with survivors of the disaster have stood the test of time, and are often cited in Titanic literature.
