themselves look more attractive to draw the attention of a desirable mate. They will use gossip as a form of informational warfare to influence reputations. They compete as mothers to gain access to resources that directly influence the health of their children. They use selfies posted on social media to manipulate others' perceptions. Women compete all of their lives: in the womb, through adolescence and adulthood, and into their elder years. The topic of women's competition has gained significant momentum over the years. Edited by Maryanne L. Fisher, *The Oxford Handbook of Women and Competition* provides readers with direct evidence of this growth and is one of the first scholarly volumes to focus specifically on this topic. Fisher and her team

of contributors offer a definitive worldview of the current state of knowledge regarding competition among women today. Many of the chapters are grounded within an evolutionary framework, allowing for authors to investigate the adaptive nature of women's competitive behaviors, motivations, and cognition. Other chapters rely on alternative frameworks, with contributors also asserting that socio-cultural forces are the culprit shaping women's competitive drives. Additionally, several contributors focus their attention on issues faced by adolescent girls, and explore the developmental trajectories for young women through adulthood. Designed to serve as a source of inspiration for future research and

This book argues against the tendency to see America as the worst or best nation and instead presents a case for seeing anti-Americanism as a counterproductive prejudice. There are many reasons to criticise American policies, politics and even society, but a crucial distinction must be drawn between criticism and prejudice. Charting the development and adaptation of

this anti-American tradition, O' Connor maintains that it is important to contextualise it within the particularities of the American experience and the global reach of the United States' influence and power. He argues for a move away from stereotypes and caricatures towards more specific and profitable discussions about American actions and policies. Offering precise and useful ways of understanding anti-Americanism and American exceptionalism that place the terms in their relevant political contexts, this volume is a useful and engaging resource for those researching or studying American politics and ideology, foreign policy, American culture and international relations.

Too often these days, youth hear about global issues such as poverty, human trafficking, and HIV/AIDS, but they don ' t get practical suggestions on how they can make a positive impact on these problems. The reality is, today ' s students will be leading the way in the workforce, ministries, and education in a few short years. If they begin to understand their connection to the global community today, just imagine the way they could contribute to improving these issues in future years. What Can We Do? offers youth workers an overview of pressing global issues, along with realistic,

practical ways their youth ministries can respond. By helping teens understand how their faith intersects with the struggles around the world, these youth groups can have a lasting, worldwide influence. Respected educators and youth ministry veterans Dave Livermore and Terry Linhart give youth workers a thoughtful, deep perspective on the pressing issues facing the world today, while also offering creative solutions for youth groups to get involved and impact the lives of people all around the world.

This volume provides a comprehensive examination of key issues regarding global communication, focusing particularly on international news and strategic

communication. It addresses those news factors that influence the newsworthiness of international events, providing a synthesis of both theoretical and practical studies that highlight the complicated nature of the international news selection process. It also deals with international news coverage, presenting research on the cross-national and cross-cultural nature of media coverage of global events, in the interdisciplinary context of research on political communication, war coverage, new technologies and online communication. The work concludes with a focus on global strategic communications: in the age of globalization, global economies and cross-national media ownership, chapters here provide readers with some of the most

Going viral. It's a phrase that you hear thrown around whenever something is blowing up on the Internet, but what does it really mean? How does something or someone go from a random post on social media to a household name? What does it mean for the person who posted it? There's the dark side, too: hoaxes, illegal content, and Russian trolls. Readers take a deep dive into the world where fame isn't measured in minutes, but in clicks. This book gives readers the tools to sort the real from the fake, as well as resources to explore.
