The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. "M: Organizational Behavior, Fourth Edition, has been significantly revised, guided by useful feedback from reviewers and our active monitoring of evidence-based literature. All chapters have new examples and either new or revised factoids; most chapters have new conceptual content or literature foundation. The most substantial changes have occurred in Chapter 1 (introduction to OB), Chapter 4 (workplace emotions, attitudes, and stress), Chapter 6 (decision making and creativity), Chapter 8 (communication), and Chapter 10 (conflict and negotiation). The authors personally researched, selected, and wrote all of this content, thereby providing superior integration of
