Access Free Quick Study Guides BarCharts' most popular line of reference and study tools, our 3-panel full-size laminated guides have comprehensive information covering a wide range of topics—from academic and medical subjects to business matters and home improvement tips.

BarCharts' best-selling quick reference to chemistry has been updated and expanded in this new edition. With updated content and an additional panel of information, this popular guide is not only an essential companion for students in introductory chemistry courses but also a must-have refresher for students in higher-level courses. Author Mark D. Jackson, PhD, a scientist and university chemistry professor, has a gift for making the complicated subject of chemistry interesting and easy to understand--without the fluff. In this new edition, you will find more coverage of the subject, helpful illustrations, chemical problems, and practical applications, making this a study tool you won't want to be without.

Guaranteed to boost test scores and grades. The essentials of this branch of mathematics are an important foundation that future more advanced math is built upon. Using this as a review and reinforcement tool is quick and easy to do daily or weekly, keeping all concepts fresh once you move deeper into the subject. For complete coverage, get the Geometry Part 2 QuickStudy guide and use the two guides to study, reference, review and ace the grade. 6-page laminated guide includes: Geometric Formulas Undefined Terms Defined Terms Space Shapes Lines Planes Line Segments Rays Angles Suggested uses: Quick Reference - instead of digging into the textbook to find a core answer you need while studying, use the guide to reinforce quickly and repeatedly Memory - refreshing your memory repeatedly is a foundation of studying, have the core answers handy so you can focus on understanding the concepts Test Prep - no student should be cramming, but if you are, there is no better tool for that final review

Quick reference guide to the 7th edition of the American Psychological Association's publication manual for rules of punctuation, reference citation, structure and format in 6 laminated handy pages filled with the answers you need for these commonly used guidelines. This style guide is used largely in academics, psychology, communications, business, nursing, social sciences, criminology, education, economics and more. Having a quick reference handy can speed up the writing and editing process allowing the writer to focus on the quality of the paper, ensuring a better grade if you are a student or a more professionally clean article or paper if writing for publication in your field. For the convenience and benefit of increasing the quality of your writings, the price makes it easy to add this to your writers toolbox. 6 page laminate guide includes: What is APA Style? Scientific Writing Manuscript Structure & Content Clear & Concise Writing The Mechanics of Style Visuals & Results Paper Format with Sample Paper Citing Sources in the Text with Examples Reference Type List Sample Reference List Publication Process Suggested uses: Students - Handy reference while writing papers, collect the set of guides you need for your classes to easily switch between styles Professors/Teachers - Keep handy while writing for academic journals in your subject area Professionals - Use while writing academic articles or papers for publication

Students and working professionals will find this guide filled with top to bottom essentials of management to be the most comprehensive and utilitarian tool for study or reference. Expertly written and designed to fit in 6 laminated pages, the condensed outline format covers the essence of a management college course. Organized for quick access to the answers you need for class, tests, or for reference to mainstays of a working day - a quick review of core concepts and the full listing of key factors for anything from human resources to operations can keep you on your toes. By sticking to facts and eliminating fluff, we give you a great return on investment through better grades and better business as well as laminated durability to ensure this guide will last through college and your career. 6 page laminated guide includes: Who is a Manager? Factors Affecting Management Evolution of Management Making Decisions Economic Considerations Work Groups & Teams General Operations Changing Environments Human Resources Planning for the Future Organizing, Staffing & Coordinating Leading the Organization Controlling Direction & Operations Communications International Business Ethical Reasoning in Business Management in the 21st Century
